Total:	19000/-	Total:	11,000/-

E. SYLLABUS OF ENTRANCE TEST:

(Syllabus of the following topics is as per Under Graduate Honours level)

- **Real Analysis** – Sequence, Sets in \mathbb{R} , Continuity, Differentiability, Power series, Enumerable sets, Fourier series, Compact sets, Metric spaces.
- **Dynamics** – Particle Dynamics.
- **Algebra** – Set, Relation, Mapping, Group, Ring, Field, Vector Space; Vector Algebra, Theory of equation, Complex number.
- **Calculus** – Functions of several variable, Indeterminate forms, Maxima & Minima, Infinite series of real constants and their convergence. Definite integration, Ordinary Differential equation of first order, Vector Calculus, Concavity & Convexity, Laplace Transformation.
- **Numerical Analysis** – Errors in numerical computation, Numerical integration, Solution of linear and non-linear equations.
- **LPP-** Mathematical Preliminaries, Characteristics of an optimal solution, Assignment & Transportation Problem.
- **Mathematical Theory of Probability** -- Random experiments, events, Axioms of probability, Independent events, Multiplication rule, Conditional Probabilities, Bayes' theorem, Bernoulli & Poisson trials, Binomial law, Probability distributions: Binomial, Poisson, Gamma, Normal, Uniform distributions, Transformations of random variables, Mathematical Expectations, Mean, Variance, Moments, Central moments, Tchebycheff's inequality, convergence in probability, Law of Large numbers, Bernoulli's limit theorem, Asymptotically normal distribution, Limit theorem for equal components.

- **Tensor Calculus**-- Summation convention, Contravariant, Covariant, Invariant and Mixed tensors, Kronecker Delta, Symmetric & Skew-symmetric tensors, Outer & Inner products, Quotient laws, Reciprocal Tensor, Riemannian Space, Line element & Metric tensor, Reciprocal Metric tensor, Associated tensor, Magnitude of a vector, Orthogonal vectors.

F. ONLINE APPLICATION SUBMISSION INSTRUCTIONS AND GUIDELINES:

1. First read carefully the Information Brochure.
2. Enter into the college webpage www.narasinhaduttcollege.edu.in. Follow the steps for online application to fill up the form as per the information required and then submit it. After submission of the online application, the system will generate a printable version of the filled out **Application Form** (2 pages), a printable **Bank Challan** (1 page having three parts called 'Bank copy', 'College copy' and 'Applicant copy') and **Admit Card** (1 page having two parts called 'College copy' and 'Applicant copy'). Although you can retrieve these files later online. We recommend that you take print out of these files. It will complete online submission process. Print out of application form of two pages may be in **one page of both sides**.
3. **Applicants are required to upload their recent scanned coloured Passport Size Photograph and Signature.** The following are the information to upload their recent coloured passport size photograph and signature,
 - Applicant should have a scanned copy of recent Passport Size **Photograph** and **Signature**.
 - The Photograph and Signature must be in **GIF / JPEG / JPG** format only.
 - The file size of each image (i.e. Photograph and Signature) must be **less than 50KB**.
 - The dimension of the scanned Photograph should be **140px X 162px** (i.e. 140px in Width and 162px in Height).
 - The dimension of the scanned Signature should be **150px X 50px** (i.e. 150px in Width and 50px in Height).
4. Only offline payment of application fee is allowed. For this, take a print out of the bank challan and carry it to 'Narasinha Dutt College' branch of "CENTRAL BANK OF INDIA" and pay the application fee of Rs. 800/- (Rupees eight hundred only). **The bank will return Applicant copy to you as a receipt against your payment.** Make sure that it is stamped and signed by the bank. You retain the receipt of Applicant's copy until the end of the admission process.
5. Before submission of application form, it is always editable all fields but after submission, only few selected fields are editable until last date of submission of application form. If you have submitted an application with erroneous data you can fill up a fresh application and submit it again. Pay your application fee against the challan generated for the error free fresh application. Your application will be validated only after you have paid the processing fee. No requests for manual correction will be entertained at any stage.
